

Send one gift at a time, all year long.

A one-time order starts at 12 boxes. The annual program is how your company sends a single gift — one new hire, one closing, one thank-you — the week it is needed. Reserve from 50 gifts for the year; we brand, prepare and store them in Costa Mesa and ship each one on its own. Reserve 100 or more and every gift is 15% off.

Without a program, each of these moments is its own order, and a one-time order starts at 12 boxes. Two new hires in March would mean ordering twelve boxes and finding a shelf for ten. On the program, each gift ships on its own from boxes we already hold.

Two ways to send

Send us your recipient list

You send names, shipping addresses, and the gift message. We pack and ship each gift from your reserved inventory. The simplest route when you already hold the addresses.

Let recipients choose

We build a private gifting page for your company. Recipients open a link, pick from the gifts you approved, and enter their own address. Nobody has to collect home addresses internally.

Questions buyers ask first

Do the gifts ship all at once?

No. A single gift is a normal send. Give us 7 days' notice and it ships tracked ground to the recipient's own address.

What if we do not use them all?

Renew and the balance carries into the next program year, or we ship the balance to you or to the recipients you name. Nothing is lost.

Can we add our logo?

Yes, from a 50-gift program. Outside the program, a one-time logo-branded order starts at 100 boxes. A one-time \$75 setup covers the print plate and is waived when you renew with the same artwork.

Is it a subscription?

No. It is a prepaid reservation for twelve months. Nothing renews or is charged automatically.

Reserve online, or ask us for a proposal.

Pay by bank transfer at checkout, or reply for an invoice with net terms or a PO.
